Who We are

We are pleased to introduce our organization FUSIONS TECH Steel Fabrication and Welding Workshop LLC located in Dubai investment park - 2 strategically located in Dubai manufacturing hub.

We are a group of professionals and skilled workforce with the highest level of commitment and customer service.

We are a growing startup with the facilities to support you in welding and cladding.

As the name implies we do anything on the welding.

Our significant Specialisation are

Hardbanding.

Hardfacing on components.

Repair and refurbishment of Valves.

Repair and refurbishment of downhole equipment.

General Structural Fabrication.

Welding and upgrading carbon steel, stainless steel, low Alloy steel, High alloys and exotic metals on various forms such as CASTING , FORGING & Finished products.

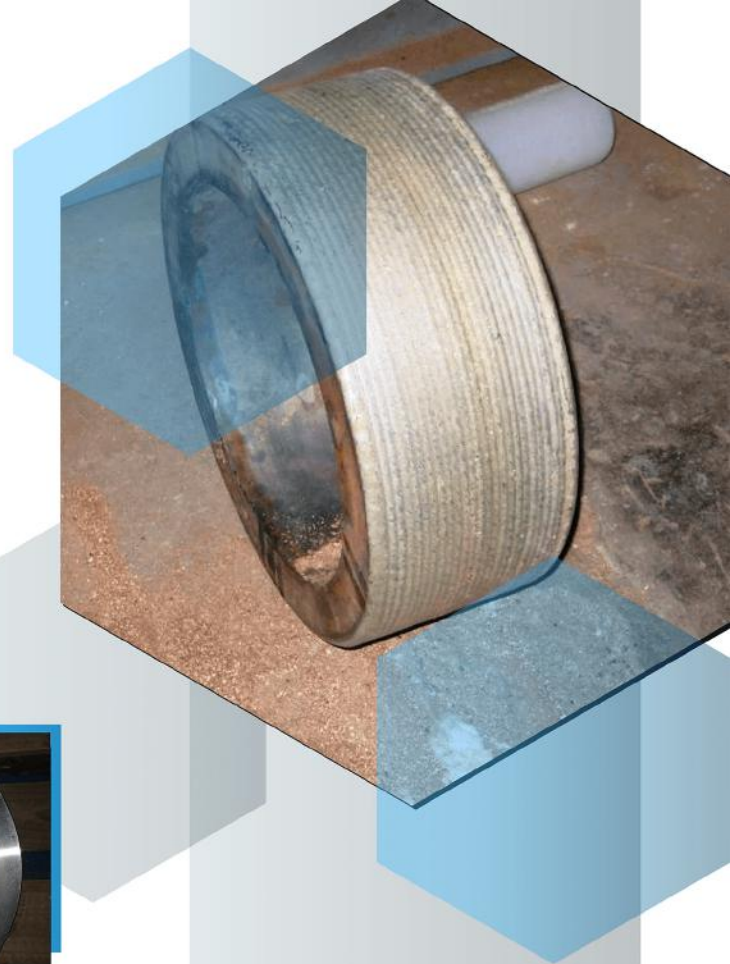

Various types of Cladding on valves internals and pipe with corrosion resistant alloys such as Inconel 625, Incoloy 825, Hastelloy C276 and various Nickel based alloys. And our expertise is on Hardfacing with stellite, colmony on various base metals.

Our Mission and values

As our title implies "*Anything in welding*" is our mission to serve the customer's requirements

Our specialities as a gist

Inconel 625 inlay on Flanges

Pipe and Valve ID with corrosion resistance overlay

Valve Seat ring stelling

Valve disc corrosion resistant overlay

Heavy Wall Pipes Construction Welds

Automobile Puppet valve hardfacing

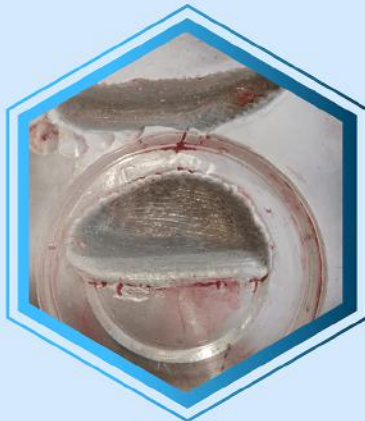

Pipe and Valve ID with corrosion resistance overlay

Casting upgradation of various material

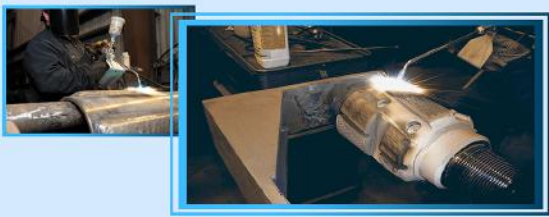

Before welding

After welding

Repair of Downhole equipments

Hardbanding

Our Shop

Upgradation of Valves API6A, API 6D, GATE-GLOBE -CHECK & Ball valves

Onsite Services

We are equipped with our team of Rig Inspection Engineers with NDE Qualifications, welders and Fitters.

Our Capacity

Our main assets are our untiring team and their expertise. They are our assets dedicated to serve our customers.

Our capacity is not limited to our team but enhanced with our unique machineries.

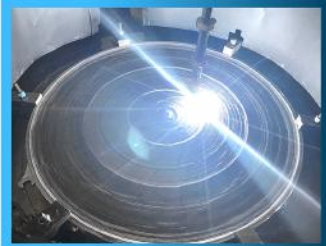

We are fully equipped with machineries For all your welding, cladding and fabrication requirements

Is here to serve you
Looking forward for your valuable enquiry.
